Arrested for Murder at Laingsburg.
The principal topic of conversation in our village at this time is the supposed poisoning of Mrs. Margaret Hartman, living three miles northeast of the village, whose death occurred Nov. 29th. As considerable has been published in the papers in regard to the case it will be unnecessary to go into all the minute details here. John Hartman and wife, Margaret, with their son, John Hartman Jr., lived on the 50 acre farm in Sciota, and the past summer had been assisted in their work by William and Emma Roehm. The latter were man and wife about 35 years of age. We believe that Roehm and the junior Hartman were engaged in buying and butchering stock together. About two months ago the senior Hartman died quite suddenly, and was buried in Laingsburg cemetery. Mrs. Margaret Hartman was taken severely sick on the 25th and died on the 29th of November. Dr. R. H. Scott, of this place, was called, but upon reaching the sick woman decided that she was past help and did not administer any medicine. The doctor's suspicions were aroused and after advising with citizens, a request for a post mortem was made to Justice Rowley, who empaneled a jury on the 30th, which was held at the Hartman farm, at 10 o'clock, and lasted until evening, and then adjourned until Dec. 1st. The post mortem was made by Dr. Scott and Austin, in a successful manner. A number of witnesses were examined at Justice Rowley's office, Prosecuting Attorney Chandler being present. About five o'clock the jury returned the following verdict: We find that the deceased, Mrs. Margaret Hartman, late of the town of Sciota, Shiawassee county, came to her death through poison administered by the hand of some person or persons, and that these persons have suspicious from evidence taken and heard by us, that such person or persons are William Roehm and Emma Roehm, his wife. That said deceased came to her death from such cause on the 29th day of November, 1897, at 9 o'clock a. m. Signed, Joseph V. D. Wyckoff, Sanford R. Sharp, Abram Housberger, Dewitt C. Deniston, Robert Yorplank, John F. Lee. Justice Rowley immediately issued a warrant for the arrest of the suspected parties. The man was arrested by constable J. B. Jackway and taken to Coruna on the evening train. An officer went out to the farm for the woman. They will be brought before the Justices here on Thursday morning to plead.

Saginaw Defeated and Feels Bady.

The east side high school football team, representing Saginaw, went to Owosso yesterday and had lots of fun with the team there. In the first place the Saginaw boys were a little discouraged when they lined up on the field, for in the opposition team were a number of ex college players and experts, and the weight of the Owosso team was much superior to that of the Saginaw team—Saginaw News.
How badly the editor of the News has been misled in making such a statement as the above is apparent to everyone who knows anything about the facts. The whole thing is false. In the first place not a single one of the Owosso eleven ever attended college. It is true that one of the boys played a little with a college team one year as a substitute, but aside from him the "experts" picked up their entire knowledge of the game right here in Owosso. The statement as to the weight of the two teams is also way off. The Saginaw team was composed of players so much heavier than our own that at the beginning of the game it was not thought there was much show for the home players. This, however, proved to be untrue, as the skill of our boys won the game for them by a score of 6 to 4, despite the statements of the Saginaw papers to the contrary. The Saginaw papers make no mention of the fact that the coach of their team, Otto McCreath, (a member of the Syracuse University team last year, and who has been employed as a coach for several years) played here; that Mr. Atwood, a student at the U. of M., and an old Olivet College player were also members of the Saginaw high school team, while at least two other men were played who are not regular members of the team. The truth is, Saginaw was defeated and lost the championship of the Saginaw valley and feels sore over it. Hurrah for Owosso! "What's the score? what's the score? Owosso 6 and Saginaw 4."

Consumption Positively Cured.
Mr. R. B. Greener, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the greatest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds and consumption. It don't fail. Trial bottles free at Will E. Collins & Co., and J. S. Haggart's drug stores.

Car Shops.
The car shops are running over time this week for the first time since 1894. The work on the road has increased so much that more engine power is being built to accommodate the traffic.

Geo. Pulphier, of Toledo, engineer on the Ann Arbor, visited his brother, John Pulphier, Sunday and Monday.

James Turnbull, who is superintending the building of the company's ice house, at Whitmore lake, reports the work progressing finely.

John Wetherston, of Durand, visited the shops Tuesday.

M. H. Crowe, boiler maker, was transferred to Durand, Monday. His family will move to that place in the near future.

Engine number 37, after a general overhauling, was taken to Toledo, Tuesday, to run on the Manhattan Belt. Engineer McKerring has charge of the engine.

Big preparations are being made for a heavy snow storm by placing temporary snow shovels on all engines on the road.

Snow plow No. 2 was brought from Frankfort, Monday, to receive general repairs. This shovel will be kept in the Owosso yards.

J. O. Laughlin, road master, at Durand, was looking about the shops Tuesday.

Coaches No. 18, 19, and 20 have been re-varnished, upholstered and the Lake Shore design of steps have been added. They now present a very attractive appearance.

"HOME, SWEET HOME!"
With All the Little Luxuries That Make It Happy.
Household Health Means Prosperity and Pleasure in a Hundred Ways

"Ours is a happy home," remarked a laboring man the other day, "and I have learned to thank the perfect health of its inmates for half the blessings we enjoy. Why, I remember when my house was a hospital month in and month out. This constant sickness kept my nose to the grindstone. I was always hard up—always in debt. First it would be my wife—then my eldest daughter would be taken down. The doctor's cart was always at my door. But one blessed day my wife came across an advertisement of Zoa Phora—the 'woman's friend.' She tried it—so did my daughter. And it cured them both. Since that day we have had no more sickness—no more doctor's bills. There's a piano in the parlor now—we all ride wheels, and there's money in the bank beside."

Zoa Phora is the sick woman's greatest treasure. It acts gently but positively on her delicate organism—regulates—strengthens—makes way for perfect health. A book which tells of Zoa Phora, free.

"HOME, SWEET HOME!" RHEUMATIC CRIPPLES
Good News for Crutch Bearers.
There is a Relief for You as Sure as the Sun Shines.

"Thumpety thump!"—there he goes, another poor unfortunate limping along life's way, with a pain-racked body and a bitter heart.
But rheumatic sufferers should not give up hope.
There is a cure—Rheumatism, the most natural remedy in the world.
It tones up the entire system, expels all uric acid from the blood, lubricates the "creaky" joints, nourishes and vitalizes. It stops the most severe attack.

Read the experience of one who suffered:
Kalamazoo, Mich., June 26, 1898.
Specific Remedy Co., Kalamazoo, Mich.:
Gentlemen:—For upwards of twenty years I have suffered from Severe Rheumatism, during which time I have sought relief in many ways, treating with leading physicians at home and abroad, but with no approach to anything like a cure until I began the use of Rheumatism. It has been my custom to take treatment at Mount Clemens, and even European and other similar retreats, but I cannot say that they have given me, at best, more than temporary relief. I have derived more benefit in the past few months from the use of your medicine than I have from the combined use of all other medicines and treatments taken in the past twenty years, or since Rheumatism first took hold on me. I have personal knowledge of several other remarkable cures effected by Rheumatism, and truly believe it to be the greatest remedy of the age.
Faithfully yours,
DAVID LILIENTHAL.

Every Woman Knows Good Flour...
is necessary to make good bread. But every woman does not know that as choice Flour as can be found in Washtenaw Co. can be bought at C. E. Burns' Elevator, Owosso, at wholesale prices, by the barrel or sack. This means a saving of from 75c to \$1.25 a barrel. Why can we do this? Because we sell for cash or exchange for grain and therefore have no bad debts. You just pay for your own flour and don't have to pay for your neighbor's. We guarantee every sack and will pay your money back if you want it.
